Upon receiving your shipment and before signing for it, count the cartons to ensure all products have been received and visually inspect all packages for signs of damage in transit. Should there be any shortage or signs of possible damage, note all findings on the driver's paperwork. Keep your copy of the paperwork.

If damage is discovered, either visibly on the carton or concealed, retain all product and packaging for inspection by the freight carrier. Contact the freight carrier immediately, and in no more than 15 days from the date of delivery to make a report and submit a claim.
