

# OATH

Medical Stool

250 lbs Capacity

Anti-Microbial

TAA Compliant

The RGS Oath Armless Medical Stool is the epitome of comfort and functionality in professional healthcare settings. This TAA-compliant stool features a stylish molded poly seat shell with a generous 4" high-density foam cushion, covered in durable anti-bacterial/anti-microbial vinyl. Engineered to promote proper spine alignment and stimulate core muscle circulation, it supports the pelvis in an optimal position during long periods of use. The compact size and 22" 5-star chromed steel base with smooth-rolling casters ensure easy mobility and versatility in any workspace. With a robust 250 lbs weight capacity and ANSI/BIFMA certification, this stool is built to withstand the rigorous demands of busy medical environments.
